Students enrolled in any of the **full year** courses with the teachers listed below during the 2021-2022 school year will be eligible to apply to CCU's dual credit program to earn college credit for completion of the NSA courses listed if they complete the course with a C or better.

Note: CCU prefers that students complete their dual enrollment courses **no later than July 15 of each school year.*

The dual credit option is at an additional fee of \$200.00 per dual credit course, which represents a substantial discount from the regular cost of university courses. **For NorthStar courses with the DC designation in the title this fee is already included in the NSA course tuition.** (For AP EVP classes listed below without the DC designation, this fee will be added to the student's NorthStar account after the student registers with CCU). Note: **Not every AP teacher is certified to teach dual credit. You must be taking the AP course with one of the teachers listed below to qualify for dual credit.**

**** Courses with two stars are equivalent to more than one dual credit course and will require an extra \$200 if enrolled in the full year course and seeking both dual credits for that course. Only one of the \$200 dual credit fees is included in the base DC course fee.**

College credit is granted by CCU at course completion. Students are not required to take the AP exam. CCU is a fully accredited university, and their courses transfer to most universities around the US. Please be aware, while many colleges and universities accept dual credit, some do not. It is up to individual students and their families to check with the college or university that they are planning to attend to check policies.

Additional Notes:

- Students must register for CCU dual credit while they are actively enrolled in the NSA course.
 - Students can visit <https://www.ccu.edu/academy/dual-credit/>, and click Registration to enroll for dual credit with CCU.
- Students can register during any of CCU's registration periods listed below as long as the student is actively completing the NSA course.
 - Registration periods = **Fall:** August 15th- November 15th, **Spring:** January 15th-April 15th, **Summer:** May 15th-July 15th
- If the student decides to drop the CCU dual credit course, the request to drop would need to be made in the same term that the student registered in order to be eligible to receive a refund.
 - Email dualcredit@ccu.edu to request to withdraw from a dual credit course.
 - Drop periods = **Fall:** August 15th-December 1st, **Spring:** January 15th-May 1st, **Summer:** May 15th-August 1st
